

The Right Honourable Boris Johnson

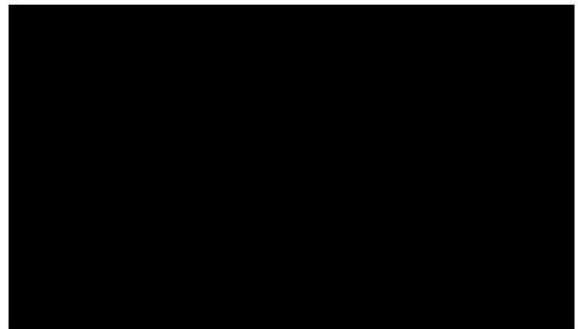

From Mrs Sue Piper

Prime Minister's Office

10 Downing Street

London W1

22nd October 2021

I write concerning the Aquind project which may be scheduled for our country shortly. I am totally in disagreement with this project, and I now see from the Panorama programme, that a Russian Oligarch has given a lot of money to several Conservative MPs in your government, I presume as a bribe to get them to vote in favour of this project?

This is appalling and a total misuse of the democratic system, for which we are well known. Apart from this bribery, the whole project is of little value, but particularly to the residents of Portsmouth, as it would mean the tunnelling underground of quite a major part of our city.

I cannot emphasise strongly enough that, in my opinion, this project should not go ahead.

My husband has represented this to our very good local MP, Hon Stephen Morgan and I understand the city Council is not in favour of it either.

If you care about local residents, then please will you ensure this project does not get agreement in Parliament from those who live nowhere near our city.

Thank you for reading my letter

Yours sincerely

Mrs Sue Piper

cc Hon Stephen Morgan MP. Secretary of State Kwasi Kwarteng
