Subject: Leave Portsmouth alone

Please don't do this to our city, our neighbourhoods and our environment.

Portsmouth is a small island city, with little green space. What we do have is under huge pressure.

What your planning, will worsen pollution.
Block up our roads, lower the value of homes near by.

We don't think it's right that a Russian business man can buy off the government.

Our French neighbours have said they we cut off the power to the channel island if they don't get way over fishing.

This government comes over as corrupt,
One rule for us, one rule for those who can buy the government support for what they what.

It's wrong for Portsmouth .
