Subject: STOP AQUIND
Date: 17 November 2021 15:41:31

I am writing to STRONGLY object the the Aquind project.

It will cause so much disruption.

We should be finding other methods of producing our own electricity that we would be in control of, NOT buying from abroad. Solar, Wind and Wave power should be invested in by ourselves.

This project will destroy what little wildlife and open spaces this, already overcrowded , city has left. PLEASE DO NOT LET AQUIND PROCEED.

from Mrs. C Wilson
