Hello,

Thank you for your reply to my earlier email (sent in August).

I would like to know that this matter is being taken seriously and the people of Portsmouth, who do not want or need Aquind, are going to be listened to and our voices and opinions heard, after all this will impact us and our lives and our city.

The cronyism and corruption in the Conservative party is absolutely sickening and the aquind project is the perfect example.

We in Portsmouth are proud of our city and you need to be aware we will not allow aquind to go ahead. This has been objected by the local council and everyone bar the Tories, which we know is due to the money received as advance payment disguised as a donation. We all know Kwasi has links to and has promoted Aquind after a huge slip up on the Andrew Marr show. Also there is the correspondence that has been shared, so now is time to do the right thing and stop this in its tracks. He is not the right person to decide on the fate of our beautiful city but regardless of this due to the blatant corruption involved the plug needs to be pulled and pulled now.

Our beautiful city is not going to be ruined because a group of over entitled snobs are focussed on money and lining their pockets and not what is best for our country and our city.

You will never convince us of any benefits to this as there are NONE bar the money lining the conservatives pockets and of course the pockets of friends.

Stop Aquind!!!
