Hello.

Nobody wants trouble in Portsmouth.

And with your Aquind plan, there will be quite a few of them. Especially road traffic jams, which means serious trouble for drivers. Portsmouth is a small island but very populated.

We, as inhabitants, need peace, greenery and not your haos. We only have three entry and exit streets and for such a populated island we already have a problem with it.

We have a beautiful seaside area. Lots of animals and birds. This is our green treasure that should be intact. I am saying firmly not to Aquind.
