Hi there,

I object to Aquind on many grounds. For starters, we don't have much green space in Portsmouth as it is, and even more should now be razed to accommodate this wildly unpopular scheme? No thank you!

I hope that the petitions, demonstrations and cross-party objections are hitting home and that this project will be shelved, or at least moved to an area that is not one of the most densely populated in the country.

Best regards,

Emma Niklasson
