Subject: Objection - AQUIND Interconnector project
Date: 11 December 2021 14:10:20

Dear Sir/Madam,

I am writing to register my objection to the AQUIND Interconnector project. I am a Hampshire resident; Portsmouth is just down the road. I object because there are concerns about the benefits versus the environmental and security risks of this project. But first and foremost, I object because Aquind and its Director Alexander Temerko have - through their donations to the Conservative party - bought themselves the support of the government and undermined the political and democratic processes of this country. Aquind will ensure they get a good return for every penny they have invested in this way, and the British public will be paying.

Not from my tax money. Not in my back yard.
