Subject: Objections against Aquind Interconnector
Date: 15 December 2021 12:39:49

Dear Sir / Madam,

I am a resident of Portsmouth.

I would like to declare my objections against Aquind Interconnector since this project will completely change our city and will have a devastating impact on the environment.

Also, I would like to point your attention that Aquind LTD is not a completely transparent organisation and it's finances are obtained from unclear resources. This factor makes the Aquind Interconnector a shady project with lack of trust and negative reputation for the United Kingdom.

Thank you.

Sincerely,
Maryna
