**Subject:** STOP this AQUIND nonsense once and for all!!!! PLEASE!!!!

**Categories:** Consultation Response

Good Afternoon,

I am absolutely appalled that the threat of the Aquind Connector Scheme, which aims to rip through our city as it pleases, has been allowed to rear it's totally unwanted head once more!

I am a local girl and have lived in this amazing city all my life. The plans are totally, totally unacceptable and we will all be reduced to living in a building site for many years, never mind the disruption to family life and local businesses and of course the abhorrent threat to our wonderful wildlife. My family and I live off the Eastern Road and my daughter works in Waterlooville so drives along it twice daily.

Thank you,  
Sue Griffin
