**Categories:** Consultation Response

Dear Planning Inspectorate

Pompey Independent Supporters Association wish to register strong opposition to the proposed Aquind Interconnector running through the Portsmouth area.

We are a recognised Portsmouth FC supporters group and a number of our members have asked us to register our opposition to this proposal as it is already difficult travelling to matches at Fratton Park and this proposal would make travel even more difficult for local residents as well as visitors to our City over a long period of between 5 and 7 years.

Having had to deal with Portsmouth City Council over a number of decades we know how rare it is for the local councillors to be united over issues but regarding this project they are speaking with one voice and in our dealings with Pompey fans and PISA members we also find almost universal opposition to the Aquind project.

Yours sincerely

Barry Dewing

Pompey Independent Supporters Association Chairman
