Dear Sirs

This proposal will create chaos in Portsmouth and it's surrounds, not just to traffic flows but to amongst others local communities, allotment holders, sports clubs, local business, the environment and wildlife. It is unnecessary, even the French do not want it and it creates reliance on another countries for our power which we have seen is a poor policy and it must be stopped. It cannot be allowed just because the Aquind company are large donors, in excess of £1.5m, to the Conservative party. It has been turned down, correctly, previously and must be turned down again.

Yours faithfully
