Hi Planning Inspectorate,

I am writing to formally object to the Aquind inter connector's planned route via Langstone Harbour, through Farlington en route to Lovedean.

I understand that these works will have considerable upheaval to the harbour, including being injurious to local wildlife and hugely disruptive to an already pressured roadway. There are only three routes in and out of Portsmouth and these works would cause long term disruption to our city.

This is a largely unwanted scheme by Portsmouth residents that would be better situated elsewhere.

Yours,

--
