Good Afternoon

As a lifelong resident of Portsmouth I feel strongly the decision to quash the Aquind application should be upheld. None of the issues of concern have changed and the interconnector will not benefit the residents of Portsmouth rather it will jeopardise the environment and people's health and livelihoods. Portsmouth is surrounded by the sea and every effort should be made to increase sustainable energy sources such as wave and wind power and provide skilled jobs for its residents. We are a democracy (fragile and precious) so please listen to the people of Portsmouth and respect our decision to reject Aquind.

Yours Faithfully

Vivien Bradley-Shaw
