**Subject:** Stop Aquind going through Portsmouth

**Categories:** Consultation Response

I write to add my voice to the many who agree with me that Aquind should not be allowed to take its pipeline through Portsmouth. Our city is an island and one of the most densely occupied areas in the UK. The proposed pipeline will run allotments, roads, playing fields and disrupt an already congested city for several years. There are alternative routes for example up Pangstone harbour into the countryside.

However I also think that Aquind is not the right company to build this project - they are profit motivated, have little or no experience of such complicated development projects.

I object wholeheartedly to the proposal. It should be stopped.

Best wishes

Judith Smyth

Councillor St Jude Ward
