Subject: Objection to AQUIND scheme
Categories: Consultation Response

Dear Sir or Madam,

I am writing to object to the AQUIND planning application due to the thread of permanent damage and disruption to:

- Ecosystems
- Sewer/water pipes systems
- Traffic, households – everyday life.
- Road surfaces
- Etc. etc. etc

I would rather go back to candle light, not to mention the many political discourses with France for which we should not be dependant on them.

I strongly opposed this scheme.

King regards,

N. Lopez Holguin
