Subject: Re Aquind proposal

Categories: Consultation Response

Good day

I am contacting you to strongly object to the Aquind project.

I have been a Southsea resident for 23 years. Portsmouth is one of the most populated areas of the country.

The upheaval to both residents and the environment is not acceptable. The project is not needed when we have good renewable power options.

Last but not least, Aquind has donated money to the Conservatives. Attempting to buy favours is both wrong and sleazy. It prevents honest and fair decision making by government.

Please say no to Aquind!

Best wishes
Ms Isaac
