Subject: DONT SPOIL OUR CITY

Categories: Consultation Response

I wish to voice my extreme objection to this plan of action. How would Grant Shapps feel if this was being done to his home town? I have lived in the Portsmouth area for years and it is gradually being drowned by so much building. My husband and I love going for walks, my husband especially loves wildlife photography. So this scheme would be disaster for us and many people who have lived here for years. Think again Mr Shapps and appreciate what you would be doing to us - how you would change our lives irreparably. WE DO NOT NEED THIS
