Dear Sir or Madame,

This email is to let you know that I am against the Aquind because of the huge danger that the project represents for the environment and the living creatures, including us humans.

I live, together with my family, in the beautiful area of Southsea. We love the wild surroundings and I truly believe that our good health is also because of it. We love this area and we don't want to see it destroyed.

Your faithfully
Mihaela Ioana Lupo
