To whom it may concern,

I am writing as a resident of Southsea to express my strong objection to the proposed Aquind project.

I see this as a totally unnecessary project which will cause untold disruption, pollution and chaos to an already busy and polluted city.

Furthermore, I strongly object to the environmental damage that will be caused to delicate ecosystems and precious wildlife.

I am also deeply disturbed by the roots of Aquind, I can't quite believe that we are considering welcoming a company with links to Russian oligarchs. I am also appalled by the donations the Conservative party has received from these dubious sources, which makes me very suspicious of the supposed impartiality our government is meant to show.

A local citizens of Portsmouth are against this project.

The local Labour and Conservative MP's (one of whom is the leader of the Commons) are against this project.

I am against this project.

Please respect the rights and wishes of local people and stop it going ahead.

Regards,  
Adam Ashworth
