**Subject:** Objection

**Categories:** Consultation Response

Dear Sir/Madam,

I would like to log an official complaint and objection to the Aquind Interconnector.

If implemented, a huge part of my local area would be converted from a greenfield site into a ugly and unnecessary industrial wasteland.

Please listen to the local voices who reject your plans - we do not want or need this interconnector, and it offers no benefit whatsoever to the local people it will affect most.

Regards

Tom Ross
