Subject: Objection to AQUIND
Date: 01 May 2023 20:42:16

The French interconnector Aquind was rejected by Kwai Kwarteng but mysteriously resurrected by Rishi Sunak not long after he had a meeting with Macron regarding illegal boat crossings. It will only supply 5% of the UK annual demand and cause huge disruption in the town and harm to the South Downs National Park. Stop this, it was deemed unfit before and never should have been resurrected!
