Subject: Aquind interconnector

Dear Sir / Madam

I am writing to express my opposition to this unnecessary, hugely disruptive and destructive project.

It will be of no benefit to the people of Portsmouth nor the surrounding areas and will wreak havoc on the environment and cause chaos on the roads (which are heavily congested and suffer massively with any disruption i.e. accidents / road closures which brings the network to a halt)

Please do the right thing and stop this travesty of an idea now.

Please STOP Aquind.

Yours sincerely

Joanne Hobbs
