I am disappointed not receiving a reply to my letter dated 23 April 2023

Why are we carrying on with this Project when the French have rejected it

Strongly REJECT the proposed interconnector due to -

Major disruption to an Island and countryside beyond and will never recover the Damage caused

It is damaging Wild Life on land and sea cutting through Playing Fields, Landfilled Site CONTAMINATED WITH ASBESTOS ,Wildlife Areas, and Main Traffic Routes

Off the Island going through Narrow Main Roads at PURBROOK where I live is the NARROW A3 which all Safety Services Use and the ONLY BUS (No8) going to QA Hospital Runs ana into Portsmouth

Three Local MPs are AGAINST THE PROJECT

This Project is a return for the MILLIONS OF POUNDS given to The Conservative Party and its MPS

Some Conservatives MPs Withdrew from looking into The PROJECT due RECEIVING MONEY FROM THE BACKERS

THIS MUST BE STOPPED
