My objection AQUIND. we have a beautiful island, beautiful Milton Common, lots of wildlife birds small animals, beautiful Langston Harbour. We don't want AQUIND to spoil it, digging up Milton Common which harbours deadly contents, should not be touched we also have Seagrass etc shouldn't be touched, birds nesting, Brent Geese arrive here.

Pollution will go through the roof very bad for our health. There are 3 roads into PORTSMOUTH if just 1 road is blocked by accident etc PORTSMOUTH IS GRIDLOCKED.

IN COSHAM WE have a SUPER HOSPITAL, ambulances visit from miles away they wouldn't be able to get into the HOSPITAL OR get out of the HOSPITAL IT WOULD BE CHAOS. WE don't want that

FRANCE don't want AQUIND AND WE DON'T WANT AQUIND WE DON'T NEED IT.
THIS IS A BEAUTIFUL PLACE DON'T LET AQUIND SPOIL IT. IF AQUIND WANT TO LAY CABLES
LET THEM DO IT IN OUTER MONGOLIA OR SOMEWHERE LIKE THAT NOT HERE.

There is a lot more I could say but I think you should get the gist of it WE DON'T WANT IT. THANK YOU
SYDNEY DOOLEY
