Dear Caelan,

I am assisting Martyn in relation to the application for Development Consent for the AQUIND Interconnector.

I would be grateful if you could please inform the Secretary of State that today, 5 September 2023, AQUIND Limited and Portsmouth City Council entered into the Works Co-operation Agreement, which has previously been the subject of information requests issued by the Secretary of State.

The Works Co-Operation Agreement documents the process to be undertaken to ensure co-operation between AQUIND Limited and Portsmouth City Council in relation to the delivery of the AQUIND Interconnector and Phase 4B and Phase 5 of the North Portsea Island Coastal Defence Scheme. It includes arrangements for the unlikely event that the works to deliver each project overlap with one another and in relation to the restoration of land following the works to deliver the AQUIND Interconnector, including the provision of planting and / or replacement planting by AQUIND in overlapping areas which form part of the Coastal Defence Works. Should the Secretary of State require any further information in relation to the agreement and what this provides please do not hesitate to let us know.

Best,
Leon
