Dear Planning Inspectorate

You may be aware that Portsmouth was in utter gridlock recently when one of the roads into Portsmouth was closed for 4 days as a result of a sewer pipe collapsing. There are only 2 roads on and off Portsea Island and entire city both on and off the island was in utter gridlock as traffic backed up in all directions. Letting Aquind dig up considerably more roads to lay their cabling will be an utter disaster and cannot be allowed to proceed so I would like to register my objection to Aquind Interconnector

The proposed route is very close to my house and I could not object more vehemently

Yours faithfully,
