Dear Sir/Madam.

I hope this email finds you well.

I am a Portsmouth resident, who is writing to you to express my support for the proposed Aquind scheme. Although I am not a complete fan of the project, I understand that the net benefits for the nation far outweigh any short-term inconveniences that it might produce.

As someone who is greatly concerned about climate change, I respect the fact that we need plentiful, low-carbon electricity, as quickly as possible. And I understand that the proposed Aquind interconnector is our best chance at achieving this. Yes, it will cause more traffic in my city for a few months, but this is a worthwhile price to pay for providing the entire nation with our growing electricity needs in a low-carbon manner.

I understand that you have likely received other emails from NIMBYs in my city. But, I just wanted to provide my opinion on the project and say that I am 100% behind the proposed Aquind interconnector.

Thank you very much for taking the time to read this email.

Yours

Frederick Colbey
