Sirs/Madam

Today, 28.November 2023, yet another traffic gridlock on Eastern Road Portsmouth which is a main artery in and out of our island city and causes many people to be delayed for work and other commitments. This route is vital for the normal operation of our busy city. We can not allow a plan which requires closure of part of this carriageway for an extended period as envisaged by the Aquind Interconnector project. Stop Aquind! Stop Aquind Now!

Many Thanks,
Lynda Payne
