Sir

I am writing again to express my concerns about Aquind

There are still many concerns and proof of damage this project will do to Portsmouth and surrounding Areas.

Aquind has been rejected by the French Local Government

Could Ninfield and other Substations to the East of Portsmouth be considered

There are reports this could be a National Security Risk

Portsmouth City Council and MPs of all parties are against the project

There are only Three Roads and a Motorway off the Island

In the last two months we have had an example of what to expect if the Project goes ahead

. The Eastern Road was Closed due to water pipe repairs and caused Portsmouth to Shut Down and Chaos in the Surrounding Areas,

Ambulances had difficulties reaching the only Hospital which is off the Island Buses gave up with there Timetables .People were Late or Missed School Work and Appointments and made the Area Unsafe.

Why continue with this Project that is not Value for Money or Nature Friendly
