Procedure) Regulations 2009 Regulation 5(1)

**nationalgrid**

## Application for Development Consent for Nationally Significant Infrastructure Projects under the Planning Act 2008

\* required information

### Application Form

Please read guidance documents relating to the submission of applications prior to completing this form including [government guidance](#) and the Planning Inspectorate's [Advice Note Six: Preparation and submission of application documents](#).

\* Do you have a reference number?

Yes  No

\* Reference number

#### 1. Applicant

\* Organisation

National Grid Electricity Transmission  
(NGET) Plc (Registered No. 02366977)

#### Address

\* Building number or name

1-3

\* Street

Strand

\* City or town

London

County or administrative  
area

\* Postcode

WC2N 5EH

\* Country

United Kingdom

\* Name of contact

Emer McDonnell

\* Telephone number

Fax number

\* Email

#### 2. Agent

\* Are you an agent acting on behalf of the Applicant?

Yes  No

#### 3. Fee

\* State the arrangement for the application fee payment:

BACS  CHAPS  Cheque

Continued from previous page...

\* Please provide payment reference details

Yorkshire GREEN EN020024 Paid 9  
November 2022

#### 4. Confirming why the Planning Inspectorate should receive the application

\* Brief statement to explain why this application is, or is to be treated as, a development for which development consent is required under the Planning Act 2008

The Project is defined as a Nationally Significant Infrastructure Project (NSIP) under Section 14(1)(b) and Section 16 of the Planning Act 2008 (the Act) as it comprises new overhead electricity transmission connections in England of more than 2 kilometres in length, with an operating voltage above 132 kilovolts (kV). Under Section 31 of the Act, development consent is required for development to the extent that it is or forms part of an NSIP.

#### 5. Non-technical description of the Proposed Development

\* Brief non-technical description of the Proposed Development

The Proposed Development will consist of a new substation at Overton (Overton Substation), cable sealing end compounds (CSECs) and new overhead lines connecting into Overton substation (including a 2.8km 400kV overhead line and two 275kV overhead lines 1.5 - 2.1km in length). Also included in the Proposed Development is removal of existing 275kV overhead line, realignment and refurbishments of existing overhead line within the areas of North West of York, Poppleton, Tadcaster and Monk Fryston. Two new CSECs are proposed at Tadcaster, along with a new substation at Monk Fryston, and realignment of 275kV and 400kV overhead lines in this location. The Proposed Development will also include other associated works at the existing Osbaldwick Substation.

#### 6. Location or route of the Proposed Development

\* Description of location of application site(s), or route of development (reference to appropriate plans)

The Project is sited within Yorkshire, with the most northerly components located approximately 1.5km north-east of the village of Shipton-by-Beningbrough and approximately 10km north-west of York city centre. The most southerly components are at the existing Monk Fryston Substation, located to the east of the A1 and immediately south of the A63. The Project is located within the administrative boundaries of Hambleton District Council, City of York Council, Harrogate Borough Council, Selby District Council, Leeds City Council and North Yorkshire County Council.

The site location is illustrated on the Overall Location Plan (Volume 2, Document 2.1) and the Master Key to Section Identification Plan (Volume 2, Document 2.2). A description of the Project location is provided in ES Chapter 3: Description of the Project (Volume 5, Document 5.2.3).

\* Is the site a single site or a linear site?

- Single site       Linear site

**19. Matters set out in section 79(1) (statutory nuisances etc) of the Environmental Protection Act 1990**

*Continued from previous page...*

\* Statement required for this application:

Yes  No

\* Document reference

**20. A plan with any accompanying information identifying any Crown land**

\* Issues are relevant for this application:

Yes  No

\* Document reference

**21. A plan identifying new or altered means of access, stopping up of streets or any diversions, extinguishments or creation or rights of way or public rights of navigation**

\* Issues are relevant for this application:

Yes  No

\* Document reference

**22. Additional information for specific types of infrastructure**

\* Additional information is required to be submitted in accordance with Regulation 6 of The Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009:

Yes  No

**23. Any other plans, drawings and sections necessary to describe the proposal for which development consent is sought, and any other documents, reports or information to support the application**

Provide a brief description of any other plans, drawings and sections that are being submitted with this application

The following other plans have been provided to support the application:

- Volume 2, Document 2.1 Overall Location Plan, illustrating the location of the Proposed Development
- Volume 2, Document 2.2 Master Key to Section Identification Plan, illustrating how the key plans are presented in the plans.
- Volume 2, Document 2.11.1 - 2.11.6 Trees and Hedgerows Potentially Affected Plan, illustrating the trees and hedgerows potentially affected by the Proposed Development
- Volume 2, Document 2.12 .1 - 2.12.6 Traffic Regulation Order Plan, illustrating where Traffic Regulation Orders will be required
- Volume 2, Document 2.15 Design Drawings, detailing the size and height of proposed new infrastructure including limits of deviation and parameters
- Volume 2, Document 2.16 Construction Plans, illustrative plans showing typical construction infrastructure.

Provide a brief description of any other documents considered necessary to support the application

The following other documents have been provided to support the application:

- Volume 1, Document 1.1 Application Cover Letter and Section 55 Checklist introduces the application and sets out how it complies with section 55 of the Planning Act 2008.
- Volume 1, Document 1.3 Navigation Document and Application Guide provides an accessible guide to the Project and submitted documents and drawings to assist those reviewing the application documents.
- Volume 1, Document 1.4 Glossary sets out and defines terms used in the application documents.
- Volume 2, Document 2.3 Plan Guidance Document provides an overview of the plans submitted with the DCO application.
- Volume 3, Document 3.3 Development Consent Order Advice Note 15 Checklist.
- Volume 6, Document 6.3 Electric and Magnetic Fields Report provides an assessment of the electric and magnetic fields of the Project.
- Volume 7, Document 7.1 Planning Statement describes the relevant national and local planning policies relating to the Project and considers the planning balance.
- Volume 7, Document 7.2 Design and Access Statement summarises the design evolution of the Project and the

**Continued from previous page...**

design principles used.

- Volume 7, Document 7.3 Details of Other Consents and Licenses sets out the consents and licenses required to construct and operate the Project which are not included in the DCO.
- Volume 7, Document 7.4 Updated Need Case summarises the need for the Project.
- Volume 7, Document 7.5 Strategic Proposal 2019; Volume 7, Document 7.6 Strategic Proposal Back Check and Review 2020; Volume 7, Document 7.7 Strategic Proposal Addendum 2021; and Volume 7, Document 7.8 Corridor and Preliminary Routeing and Siting Study provide information on the strategic evolution of the Project.
- Volume 7, Document 7.9 Biodiversity Net Gain Report setting out the calculations, results, volume of biodiversity net gain and approach to deliver biodiversity net gain.
- Volume 7, Document 7.10 Mineral Resource Assessment explains how the Project complies with the relevant mineral safeguarding policies.
