Dear Sir/Madam

Project Reference: EN020024: Application by National Grid Electricity Transmission (NGET) for an Order Granting Development Consent for Yorkshire GREEN – Adequacy of consultation request.

Thank you for your letter of 16 November 2022 concerning the above matter and inviting the Local Planning Authority to comment upon the applicants' various duties to consult and publicise as set out within Section 42 (Duty to Consult), Section 47 (Duty to consult the Local Community) and Section 48 (Duty to publicise) of the Planning Act 2008 (as amended).

NGET and their project team have engaged with City of York Council on the project proposals and have continued to provide regular updates and further engagement on the project as it has developed in view of feedback from various stakeholders.

Based on the information provided and our engagement so far, we have no adverse comments to make regarding the adequacy of consultation and it would appear that the applicant has complied with their relevant duties.

Yours faithfully

Mark Baldry
Development Projects Senior Officer
