Dear Sirs

National Grid – Yorkshire Green Project
Adequacy of Consultation

Thank you for your letter dated 16 November 2022 regarding the above. Please accept this response on behalf of both Selby District Council and North Yorkshire County Council (the Authorities).

The consultation report provided is accurate and the Authorities consider the consultation activity to be adequate and sufficient for the scale of the project.

The project team first made contact with the Authorities about the project in December of 2020 and communication with officers has been good throughout the pre-application process. The Authorities are in the process of completing a Planning Performance Agreement with the applicant and have worked together on the basis that the emerging PPA was in place whilst it has been finalised.

If you have any queries please contact Michael Reynolds on the above details.

Yours faithfully

Michael Reynolds
Senior Policy Officer (Infrastructure)
North Yorkshire County Council
