YorkshireGreen@planninginspectorate.gov.uk

Application by National Grid Electricity Transmission (NGET) for an Order Granting Development Consent for the Yorkshire GREEN Project.

Canal & River Trust Issue Specific Hearing 3 Attendance (Interested Party Number 20034443)

Further to the Rules 13 and 16 letter dated 25<sup>th</sup> April 2023, the Trust wish to confirm that we do wish to virtually attend and make representations at the Issue Specific Hearing 3 meeting on Friday 26<sup>th</sup> May 2023.

As previously mentioned, the Trust has been independently negotiating the provisions with the applicant, and have made agreement on several points. The applicant is currently reviewing comments from the Trust. The parties have the aim of reaching an agreement on the wording of the final provisions before the Issue Specific Hearing.

Should agreement be made before the meeting, then it may not be necessary for us to attend or make representations.

Yours sincerely,

Simon Tucker MRTPI Area Planner
