Dear Sir/Madam

Application by National Grid Electricity Transmission (NGET) for an Order granting Development Consent for the Yorkshire Green Energy Enablement (GREEN) project.

Procedural Decision in relation to Applicant's Notification of Request for Proposed Changes including Revisions to the Examination Project

Thank you for your notification of 13 July 2023 seeking the views of the Coal Authority on the above.

I have checked the site location plan against our coal mining information and can confirm that, whilst the proposed development site falls within the coalfield, it is located outside the Development High Risk Area as defined by the Coal Authority.

On this basis, the Planning team at the Coal Authority have no comments to make.

Please do not hesitate to contact us if you would like to discuss this matter further.

Yours sincerely

The Coal Authority Planning Team
