1. Introduction

1.1 This Document

- 1.1.1 This Book of Reference (“BoR”) accompanies an application for development consent (“the Application”) by National Grid Electricity Transmission plc (“National Grid”) under The Planning Act 2008 (“the Act”) for the Yorkshire Green Energy Enablement (GREEN) Project (referred to as the Project or Yorkshire GREEN throughout the BoR). If made, the Development Consent Order (“DCO”) would grant consent for the Applicant to construct, operate and maintain the Project.
- 1.1.2 A detailed description of the Project can be found in Schedule 1 of the **Draft DCO (Volume 3, Document 3.1)**, the **Planning Statement (Volume 7, Document 7.1)**, and Chapter 3 of the **Environmental Statement – Description of Project (Volume 5, Document 5.2.3)**.
- 1.1.3 This BoR has been prepared and submitted in compliance with Regulation 5(2)(d) of the Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009 (as amended) (the APFP Regulations), and in accordance with the Department for Communities and Local Government guidance 'Planning Act 2008: Guidance related to procedures for the compulsory acquisition of land' (September 2013) (the CA Guidance). It has also been prepared in accordance with regulation 7 of the APFP Regulations.
- 1.1.4 The BoR is to be read in conjunction with the **Land Affected Plan (Volume 2, Document 2.4.1 – 2.4.6)**, **Land Plan (Volume 2, Document 2.5.1 – 2.5.6)**, **Extinguishment of Easements, Servitudes and Other Private Rights Plan (Volume 2, Document 2.14)** and **Crown and Special Category Land Plan (Volume 2, Document 2.13)** submitted under regulation 5(2)(i) - (iv) and 5(2)(n) of the APFP Regulations. These plans identify:
- a. all of the land within the Order limits required for and directly affected by the authorised development;
 - b. land which may be acquired permanently under the compulsory acquisition powers within the Order limits;
 - c. land that will be subject to compulsory acquisition powers to acquire permanent rights;
 - d. land where temporary use powers may be exercised;
 - e. land in relation to which it is proposed to extinguish, suspend or interfere with any existing easements, servitudes and other private rights;
 - f. where the land includes special category land and replacement land, that special category and replacement land, of which there is none; and
 - g. any Crown land, of which there is none.
- 1.1.5 This BoR forms part of a suite of documents accompanying the application submitted in accordance with section 55 of the Act and the APFP Regulations and should be read

alongside the other DCO Application Documents that relate to the compulsory acquisition powers sought by the Applicant and the need for the Project, including:

- a. **Navigation Document and Application Guide (Volume 1, Document 1.3);**
- b. **Land Affected Plan (Volume 2, Document 2.4.1 – 2.4.6);**
- c. **Land Plan (Volume 2, Document 2.5.1 – 2.5.6);**
- d. **Works Plan (Volume 2, Document 2.6.1 – 2.6.6);**
- e. **Extinguishment of Easements, Servitudes and Other Private Rights Plan (Volume 2, Document 2.14);**
- f. **Crown and Special Category Land Plan (Volume 2, Document 2.13);** and
- g. **Statement of Reasons (Volume 4, Document 4.1).**

1.1.6 The Order land has been split up into 6 project sections and each section has been given a letter as a means of identification. These are the project sections A-F starting at the north end of the project (Osbalwick) leading to the south (Monk Fryston).

1.1.7 This BoR is divided into five parts as prescribed by Regulation 7(1) of the APFP Regulations and the Order land is identified by numbered entries, with each entry relating to a coloured plot on the **Land Plan (Volume 2, Document 2.5.1 - 2.5.6)** and, where relevant, the **Extinguishment of Easements, Servitudes and Other Private Rights Plan (Volume 2, Document 2.14)**. The five parts are:

- a. Part 1 contains the names and addresses for service of each person within Categories 1 and 2 as set out in section 57 (categories for purposes of section 56(2)(d)) of the Act in respect of any land which it is proposed shall be subject to powers of compulsory acquisition, rights to use land, including the right to attach brackets or other equipment to buildings; or rights to carry out protective works to buildings;
- b. Part 2 contains the names and addresses for service of each person within Category 3 as set out in section 57 of the Act;
- c. Part 3 contains the names of all those entitled to enjoy easements or other private rights over land (including private rights of navigation over water) which it is proposed shall be extinguished, suspended or interfered with;
- d. Part 4 specifies the owner of any Crown interest in the land which is proposed to be used for the purposes of the order for which application is being made; and
- e. Part 5 specifies land the acquisition of which is subject to special parliamentary procedure; which is “special category land” for the purposes of sections 131 and 132 of the Act; and which is replacement land.

1.1.8 Each of the five Parts is described in more detail the next chapter, together with a brief commentary on how the requirements in the APFP Regulations and the related definitions in the Act have been interpreted and applied to the collation of each Part of this BoR.

- 1.1.9 Each plot is numbered uniquely so that the prefix of the plot number relates to the project section letter (A-F) and land plan sheet number on which the plot appears. For example, plot number A1-03 is in project section A, and on sheet 1. In instances where plots fall across two sections, they are lettered and numbered based on the sheet on which they first appear. For example, plot number C9-37 first appears on sheet C9 and so is named based on that sheet even though it actually falls within the project section D.
- 1.1.10 All plot area measurements in this BoR are approximate, as these measurements are given in square metres, and each measurement is rounded to the nearest whole square metre (no decimal place).
- 1.1.11 The **Land Plan (Volume 2, Document 2.5.1 – 2.5.6)** shows the Order land and the numbered plots within the DCO and the Order limits that are listed in the sections of the BoR. Each plot is coloured. The colouring serves to differentiate the type of rights or powers sought for each given plot within the Order limits which corresponds to the respective interest, right or power to be compulsorily acquired or used. There are instances where a plot may have more than one type of interest, right or powers sought. Where two types of interest, rights or powers are sought over a given plot (such as temporary use during construction, as well as permanent rights to operate and maintain the works), the plot is coloured according to the higher power required. The powers sought over each plot is also set out in the BoR's second column, setting out the class of rights required for compulsory acquisition or temporary use over each area of land.

2. Description of the Book of Reference Parts

2.1 Introduction to the Book of Reference Parts

- 2.1.1 This chapter describes each of the five Parts of the BoR in more detail, together with a brief commentary on how the requirements in the APFP Regulations and the related definitions in the Act have been interpreted and applied to the collation of each Part of this BoR. The tables containing the detail of each Part follow.

2.2 Part 1 of the Book of Reference

- 2.2.1 Part 1 of this BoR lists all the plot numbers within the Order land which are shown on the **Land Plan (Volume 2, Document 2.5.1 – 2.5.6)** and in the instance of two plots, the **Extinguishment of Easements, Servitudes and Other Private Rights Plan (Volume 2, Document 2.14)**. Part 1 contains names and addresses for service for every person who is known, after making diligent inquiry, to be an owner, lessee, tenant or occupier of the plot (known as Category 1 interests) or, is interested in or, has the power to sell, convey or release the land (known as Category 2 owners).
- 2.2.2 A person is within Category 1 if the applicant, after making diligent inquiry, knows that the person is an owner, lessee, tenant (whatever the tenancy period) or occupier of land; see section 57(1) and (7) of the Act.
- 2.2.3 A person is in Category 2 if the applicant, after making diligent inquiry, knows that the person –
- a. Is interested in the land; or
 - b. Has power –
 - i. To sell or convey the land;
 - ii. To release the land;(see section 57(2) of the Act)
- 2.2.4 This includes mortgagees and beneficiaries that may have an interest in the land to which the application for development consent relates.
- 2.2.5 The land identified is comprehensively described and, as required by regulation 7(1)(a) of the APFP Regulations, includes all the land identified in the Order that is proposed to be subject to:
- a. powers of compulsory acquisition;
 - b. rights to use land, including the right to attach brackets or other equipment, including to buildings; or
 - c. rights to carry out protective works to buildings.

- 2.2.6 National Grid has taken the approach of seeking powers of compulsory acquisition (or acquisition of rights) in respect of all plots of land required permanently for the Project, even where it already holds an interest or presumes it holds an interest in the land. This approach has been taken to ensure that it has the right to acquire the appropriate interests it needs within the Order limits even if an unidentified owner later asserts an interest in land which National Grid believes it holds an interest.
- 2.2.7 By virtue of articles 26 (extinguishment and suspension of private rights) and article 28 (power to override easement and other rights) of the Order, all or any rights exercisable over or in respect of the Order Land will be extinguished or overridden insofar as they may interfere with the construction or use of the authorised project. These are subject to article 27 (extinguishment of private rights and restrictive covenants relating to apparatus removed from land subject to temporary possession).

2.3 Part 2 of the Book of Reference

- 2.3.1 Part 2 of this BoR is required by regulation 7(1)(b) of the APFP Regulations to contain "*the names and addresses for service of each person within Category 3 as set out in section 57 (of the Planning Act 2008)*". A person is within Category 3 if, National Grid thinks, having made diligent inquiry, that they would or might be entitled to make a relevant claim as a result of implementing the Order, or as a result of the Order having been implemented, or as a result of the use of the land once the Order has been implemented. A relevant claim is defined in the section 57(6) of the Act. This means:
- a. a claim under Section 10 of the Compulsory Purchase Act 1965 (compensation where satisfaction is not made for the taking or injurious affection of land subject to compulsory purchase), or
 - b. a claim under Part 1 of the Land Compensation Act 1973 (compensation for depreciation of land value by physical factors caused by the use of public works), or
 - c. a claim under Section 152 (3) of the Act where land is injuriously affected by the carrying out of the authorised works.
- 2.3.2 Where a person has an interest under Category 3 (i.e. those that would or might have a relevant claim) within the Order land (and therefore within a plot) the person is included and listed with the relevant plot number. Where a person has an interest outside the Order land, but it is National Grid's opinion that they should be included in Part 2 (as potentially being entitled to make relevant claim as above), the person is listed against the relevant work number from which the claim may emanate.
- 2.3.3 Land interests in this section are defined through either their associated land plot/s, their vicinity to works (but outside of the Order Limits) or both. This is detailed within their qualifier.

2.4 Part 3 of the Book of Reference

- 2.4.1 In accordance with Regulation 7(1)(c) of the APFP Regulations, Part 3 lists the names of all those entitled to enjoy easements or other private rights over land (including private rights of navigation over water) which it is proposed may be extinguished, suspended or interfered with as a consequence of the authorised development. This will include some interests listed in Part 2.

2.5 Part 4 of the Book of Reference

- 2.5.1 In accordance with Regulation 7(1)(d) of the APFP Regulation, Part 4 of the BoR specifies the owner of any Crown interest in the Order land which is proposed to be used for the purpose of the Order for which application is being made, and which includes land belonging to the Government departments. "Crown land" is defined in section 227 of the Act and includes interests belonging to Government departments among other Crown interests.
- 2.5.2 No Crown interests have been identified, but an empty Part 4 has been included for completeness with the note "No interests were identified which should appear in this Part". No Crown land is shown on the **Crown and Special Category Land Plan (Volume 2, Document 2.13)**.

2.6 Part 5 of the Book of Reference

- 2.6.1 In accordance with Regulation 7(1)(e) of the APFP Regs, this states;
"Part 5 specifies land –
- (i) the acquisition of which is subject to Special Parliamentary Procedure;
 - (ii) which is special category land;
 - (iii) which is replacement land
- and, for each plot of such land within which it is intended that all or part of the proposed development and works shall be carried out, the area in square metres of that plot."
- 2.6.2 No land required for the DCO is subject to special parliamentary procedure, is special category land or is replacement land, but an empty Part 5 has been included for completeness with the note "No land was identified which should appear in this Part". No Special Category land is shown on the **Crown and Special Category Land Plan (Volume 2, Document 2.13)**.

2.7 Book of Reference Notes

- 2.7.1 Part 1 of this BoR provides the area in square metres of each plot of land included in the Order Limits of the DCO.
- 2.7.2 The term 'approximately' is not used before all plot area measurements because the draft DCO (Article 2(4)) requires all areas described in square metres in the BoR to be read as being approximated. This is because these measurements are given in square metres and each measurement is rounded up to the nearest whole square metre.

2.8 Classification of Interests, Rights and powers

- 2.8.1 The powers conferred by the Order to acquire interests and rights and to use land will be exercisable by National Grid in respect of the authorised development, Northern Powergrid (NPG) in respect of Northern Powergrid works and Northern Gas Networks (NGN) in respect of Northern Gas Networks works (the terms "National Grid", "authorised development", "Northern Powergrid", "Northern Powergrid works", "Northern Gas Networks" and "Northern Gas Networks works" are defined in the Order). Accordingly, each part of the BoR sets out the respective interest, right or power to be

acquired, extinguished, or used, by National Grid and acquired or used by Northern Powergrid or Northern Gas Networks in relation to each parcel of land. The interests, rights or powers are described by reference to the classes in the table below. Some of the classes of interests, rights or powers include other classes as set out in the table so, for instance, if National Grid may acquire Class 2 powers over a parcel of land (Compulsory Acquisition of Rights for the Authorised Development), it may exercise Class 6 powers (Temporary Use for Access) as well. This gives National Grid the ability to acquire or exercise a lesser right or power where appropriate.

- 2.8.2 National Grid’s interest, right or power is set out first in column 2 with Northern Powergrid’s interest, right or power set out second and Northern Gas Network’s interest, right or power set out third. Where a zero is entered this means that either Northern Powergrid or Northern Gas Networks, as the case may be, will have no right of compulsory acquisition or use over that parcel of land. For example, a reference “2/5/0” means that within that referenced plot, National Grid may exercise the Class 2 powers (and any subordinate powers), Northern Powergrid may exercise the Class 5 powers (Temporary Use of land for dismantling) (as their class is listed second and reads 5) and Northern Gas Networks may not exercise any powers (as their class is listed third and reads 0). For example, a reference 2/0 means that National Grid may exercise the Class 2 powers (and any subordinate powers) but Northern Powergrid will have no land powers over that parcel of land (as their class is listed second and reads 0).
- 2.8.3 Government guidance in relation to the compulsory acquisition of land under the Act states, at paragraph 10 of annex D, “*the book of reference should also cross-refer to the relevant articles in the development consent order*”. For the purpose of this BoR the relevant articles contained in the draft development consent order have been set against the acquisition of various interests and rights and the power to use land temporarily as shown in the table below, thereby informing the reader as to the relevant articles engaged in the development consent order.
- 2.8.4 For the purposes of this BoR the acquisition of various interests and rights and the power to use land temporarily for various purposes has been classified as follows:

Table 1.1: Classification of acquisition and temporary use of land and rights

Class	Relevant article in Order	Colour on land plans	Description of Class	Subordinate Class(es)
Class 1 (Compulsory acquisition of land)	Article 22	Brown	Acquisition of all interests and rights in the land.	Classes 2, 3, 4, 5 and 6
Class 2 (Compulsory acquisition of rights for the authorised development)	Article 25	Green	Acquisition of rights by the creation of new rights, the imposition of restrictions, or the acquisition of existing rights or benefits of existing restrictions: (a) with or without vehicles, plant and equipment to enter and oversail the land to remove any buildings, structures, pylons, apparatus, equipment, and vegetation from that land;	Classes 3, 4, 5 and 6

-
- (b) with or without vehicles, plant and equipment from the surface or from the air to enter and oversail the land to construct the authorised development and thereafter to use, retain, inspect, maintain, repair, alter, renew and replace or remove the authorised development;
 - (c) with or without vehicles, plant and equipment to enter and oversail the land to fell, trim, remove or lop trees, hedges and bushes which may obstruct or interfere with the rights sought by the undertaker;
 - (d) with or without vehicles, plant and equipment to enter and oversail the land to access any adjoining land for the purposes of the authorised development;
 - (e) with or without vehicles, plant and equipment to enter and oversail the land to exercise the rights over and across any access route;
 - (f) construct, install, use, retain, maintain, inspect, modify, improve, adjust, repair, replace, extend, test, cleanse and remove temporary or permanent drainage and manage waterflows in any drains, watercourses and culverts;
 - (g) to require the landowner not to do or suffer anything to be done upon the land which may interfere with or cause damage to the authorised development, including without limitation impose clearance restrictions to the authorised development, not to erect any building or structure or allow any plant or tree to grow within the land, not to change the level of the surface, ground cover or composition of the land or do or allow to be done anything that may cause the level of the surface, ground cover or composition to be altered, not to drill, dig or break up the land;
 - (h) carry out any other works necessary or expedient to the land as listed in Schedule 1 of the Order; and
 - (i) to carry out any activities ancillary or incidental thereto.
-

Class 2A	Article 25	Green hatch	to extinguish private rights of access	-
Class 3 (Compulsory acquisition of rights of access)	Article 25	Blue	<p>Acquisition of rights by the creation of new rights, the imposition of restrictions, or the acquisition of existing rights or benefits of existing restrictions:</p> <p>(a) of way with or without vehicles, plant and equipment at all times over and oversailing the land;</p> <p>(b) to remove any buildings, structures, pylons, apparatus, equipment, and vegetation including trees, hedges and bushes from that land;</p> <p>(c) to require the landowner not to do or suffer anything to be done upon the land which may interfere with the undertaker's access, including without limitation not to erect any building or structure or allow any plant, tree or hedgerow to grow within the land, not to change the level of the surface, ground cover or composition of the land or do or allow to be done anything that may cause the level of the surface, ground cover or composition to be altered, not to drill, dig or break up the land;</p> <p>(d) construct, install, use, retain, maintain, inspect, modify, improve, adjust, repair, replace, extend, test, cleanse and remove temporary or permanent drainage and manage waterflows in any drains, watercourses and culverts;</p> <p>(e) to require the landowner not to do or suffer anything to be done upon the land which may interfere with sight lines associated with the undertaker's access, including without limitation not to erect any building or structure or allow any plant or tree to grow within the land insofar as it may interfere with sight lines, not to change the level of the surface, ground cover or composition of the land or do or allow to be done anything that may cause the level of the surface, ground cover or composition to be altered, not to drill, dig or break up the land;</p>	Classes 4, 5 and 6

			<p>(f) to construct, use or maintain works (including the provision of means of access and drainage); and</p> <p>(g) to carry out activities ancillary thereto.</p>	
Class 4 (Temporary use for construction, mitigation, maintenance dismantling and/or access)	Articles 36, 37 and 38	Pink	<p>The power to enter on and take temporary possession of the land including to:</p> <p>(a) remove any electric lines, electrical plant, buildings, structures, pylons, apparatus, equipment and vegetation including trees, hedges and bushes from that land;</p> <p>(b) construct temporary works (including the provision of means of access, mitigation works of landscaping, soil storage and bunding and drainage works), and buildings, structures, apparatus or equipment on that land;</p> <p>(c) construct any works specified in relation to that land in column (2) of each Part of Schedule 10 of the Order (land of which temporary possession may be taken), or any other mitigation works;</p> <p>(d) carry out any other works to the land which are necessary or expedient and listed in Schedule 1 of the Order;</p> <p>(e) to gain access to and to oversail the land for any of the above; and</p> <p>(f) to carry out activities ancillary thereto.</p>	Classes 5 and 6
Class 5 (Temporary use for dismantling of redundant electrical infrastructure)	Articles 36, 37 and 38	Grey	<p>The right to enter on and take temporary possession of the land and to:</p> <p>(a) remove any electric lines, electrical plant, buildings, structures, pylons, apparatus, and vegetation including trees, hedges and bushes from that land;</p> <p>(b) to carry out mitigation works in relation to that land;</p> <p>(c) gain access to and to oversail the land for any of the above; and</p> <p>(d) to carry out activities ancillary thereto.</p>	Class 6
Class 6 (Temporary use for access)	Articles 36, 37 and 38	Yellow	<p>Temporary power of access with or without vehicles plant and equipment at all times over and to oversail the land including the right to remove any buildings, structures, pylons and vegetation including trees, hedges and</p>	None

			bushes from that land to create such access and to carry out such other works as may be necessary to create such access.	
Class 0 (No compulsory acquisition or temporary use powers)	N/A	N/A	None	None
