1. Introduction

1.1 Overview

- 1.1.1 This document provides a tracking list of commercial side agreements and any planning obligations under the Town and Country Planning Act 1990 (**TCPA 1990**) or other legislative provisions relevant to planning associated with the Yorkshire Green Energy Enablement Project (**Yorkshire GREEN** or the **Project**) in accordance with the Examining Authority's (**ExA**)'s Examination timetable.

2. Commercial Side Agreements and Protective Provisions

2.1 Introduction

- 2.1.1 The tracking list set out at **section 2.2** below provides a list of commercial side agreements under preparation between National Grid and Interested Parties / Other Persons, identifying the subject matter(s) for which a commercial side agreement is being prepared and its current status.
- 2.1.2 As is common with commercial side agreements, specific details under negotiation are subject to confidentiality provisions preventing public disclosure so an outline summary of the subject matter is all that it is possible for National Grid to provide.
- 2.1.3 **Section 2.3** below cross references the **Protective Provisions Progress Schedule (Document 8.12(DE))** for an update on the current status of the protective provisions between National Grid and Statutory Undertakers.

2.2 Commercial side agreement tracking list

- 2.2.1 The current status of all relevant commercial side agreements is shown in **Table 2.1** below. ~~The Applicant will update the ExA on the final position of each commercial side agreement through an update to this tracking list at Deadline 8, if required.~~
