The report has been prepared for the exclusive use and benefit of the Applicants and solely for the purpose for which it is provided. Unless otherwise agreed in writing by RPS Group Plc, any of its subsidiaries, or a related entity (collectively 'RPS') no part of this report should be reproduced, distributed or communicated to any third party. RPS does not accept any liability if this report is used for an alternative purpose from which it is intended, nor to any third party in respect of this report. The report does not account for any changes relating to the subject matter of the report, or any legislative or regulatory changes that have occurred since the report was produced and that may affect the report.

The report has been prepared using the information provided to RPS by its client, or others on behalf of its client. To the fullest extent permitted by law, RPS shall not be liable for any loss or damage suffered by the client arising from fraud, misrepresentation, withholding of information material relevant to the report or required by RPS, or other default relating to such information, whether on the client's part or that of the other information sources, unless such fraud, misrepresentation, withholding or such other default is evident to RPS without further enquiry. It is expressly stated that no independent verification of any documents or information supplied by the client or others on behalf of the client has been made. The report shall be used for general information only.

## E1.1 Consultation approach

## E1.1.1 Summary of coordinated consultation methods, locations and projects represented

- 1.1.1.1 The first phase of non-statutory consultation for the Transmission Assets was held from 02 November to 13 December 2022, in combination with the non-statutory consultations for the Morgan Offshore Wind Project Generation Assets, Morecambe Offshore Windfarm Generation Assets and Mona Offshore Wind Project.
- 1.1.1.2 The second phase of non-statutory consultation for the Transmission Assets was then held from 19 April to 04 June 2023, concurrently with statutory consultations for the other three projects.
- 1.1.1.3 A table showing a summary of consultation methods, locations and projects represented at the first two non-statutory phases of consultation for the Transmission Assets is provided below.
- 1.1.1.4 Please note, the below does not represent all the consultation methods used by the Applicants but rather those methods that were shared with the Morgan Offshore Wind Project Generation Assets, Morecambe Offshore Windfarm Generation Assets and Mona Offshore Wind Project, due to coordinated approach and concurrent periods of consultation.
- 1.1.1.5 Specifically, the below does not include materials prepared for the statutory consultation which took place from 12 October to 23 November 2023, as materials for this consultation were not shared with other projects.
- 1.1.1.6 More details can be found in Section 3 of the Consultation report and the materials listed in Table 1 below, as they relate to Transmission Assets can be viewed in Appendix E1.3 and E1.4.
