Dear Mr Hudson

Planning Act 2008
The Infrastructure Planning (Examination Procedure) Rules 2010
Halite Energy Group Limited

Application for Development Consent Order for Proposed Underground Gas Storage Facility at Preesall, Lancashire (EN030001)

Amendments to Drawings relating to Brine Discharge Outfall

Thank you for your letter of 2 October confirming that the Panel will accept the minor amendments to correct certain plans relating to the brine discharge outfall. I now enclose at Appendix 2 the consequential plans which Halite are seeking to amend, which were listed at Section B of Appendix 1 to our letter of 13 September. As stated in that letter, these plans either show only a short section of the brine discharge or are key plans. Please note that we have concluded that Drawing MMD-277663-D-DR-00-XX-0100 Rev 1.0 (Proposed Access Road Sheet 1 of 3) does not require amendment and therefore an amended plan is not included (this was listed at section B of Appendix 1 of the 13 September letter).

Four complete sets of the drawings at section B of Appendix 1 to this letter are enclosed. The other amended drawings were submitted as Document H7 in the file that was sent with our letter of 15 August 2011 (those drawings are listed at section A off Appendix 1 to this letter). Appendix 1 to this letter therefore represents the complete list of amended drawings. We will ensure all the amended drawing references are inserted into the next draft of the DCO to be submitted on 8 October.

As previously indicated, a minor change to the Book of Reference is also required to reflect the amended Land Plans (sheets 1 & 2). The amended pages of the Book of Reference for Plots 1, 2 and 3 are contained at Appendix 3 (which simply change the description of the land to reflect the corrected figure for the area comprised within those plots).
To: National Infrastructure Directorate
Date: 4 October 2012
Page: 2

I confirm that a revised plan showing the area covered by the deemed marine licence will be submitted to you by 8 October.

Yours sincerely

[Signature]
