Dear Paul Hudson,
We have attached a copy of the latest plan that Halite have issued to us , amended 2/10/12 to eliminate the bungalow, garden and out buildings from the blue shaded area. The map clearly states that the pipe line easement is 68 metres. This is a copy of the map you requested at the compulsory acquisition hearing.
We would be grateful if you could clarify for us that the amount of land required for the pipe line easement and access road stated on the D.C.O. is only 47 metres and that this cannot be amended at this late stage in the planning application. Would you also clarify for us that the blue shaded area included on the attached map is not and never has been shown on the plans submitted to yourself.

Yours sincerely
Elaine & Stanley Raby
