Dear Sir/Madam

Planning Act 2008 (as amended) – Sections 116 and 117 and The Infrastructure Planning (Environmental Impact Assessment) Regulations 2009 (as amended) – Regulation 23

Application by Halite Energy Group Limited for an Order Granting Development Consent for the Preesall Underground Gas Storage Facility

Notice of the decision by the Secretary of State

I write to notify you of the publication of the Secretary of State’s decision and statement of reasons and the Order granting development consent in relation to the above application.

The application was for the construction of an Underground Gas Storage Facility with associated development in Preesall, Lancashire. The application also sought a direction for a deemed marine licence and powers of compulsory acquisition of land and rights.

A separate parallel application was submitted for a deemed Hazardous Substances Consent direction under section 12 of the Planning (Hazardous Substances) Act 1990 as amended by Schedule 2, paragraphs 42 and 45 of the Planning Act 2008.

The Secretary of State has decided, following consideration of the report of the Examining Authority, who conducted an examination into the application, and the further representations received pursuant to Rule 20(2) of the Infrastructure (Examination Procedure) Rules 2010 and otherwise that development consent should be granted for the project. The Secretary of State has therefore decided to make an Order under sections 114, 115, 120, 122, 123, 142 and 149A of the Planning Act 2008 which contains powers of compulsory acquisition of land and a deemed marine licence. The Secretary of State has also decided to give direction that deemed Hazardous Substances Consent be granted.
