Subject: RE: Preesall Saltfield Underground Gas Storage - EN030001 Highways Agency Representation

Rob

Thank you for your email of 4 August 2014 acknowledging the Highways Agency's representations, as attached, with regard to the Preesall Saltfield Underground Gas Storage DCO.

For completeness, I would add to our representations for future note that the design and construction of the proposed pipeline where it lies in the vicinity of the Highways Agency asset, will require Technical Approval in line with HD22/08 'Managing Geotechnical Risk' (or future update) to ensure that the works are undertaken so as to minimise risk to the HA asset and the travelling public.

We would be happy to provide future advice/clarity if required.

Regards.

Cathy Dean,
Manager

Assistant Asset
Asset Development Team
