Dear Mr Jones,

The LPA has reviewed the draft Statement of Community Consultation which has been prepared in accordance with the requirements of section 47 of the Planning Act 2008. I am satisfied that the information contained therein is sufficient to ensure that the local community would be adequately consulted in accordance with the necessary requirements and accordingly the LPA is not seeking any amendments to the document.

On returning to the office tomorrow I will provide you with a statement to this effect on headed paper. Until that time i trust this response will suffice.

I trust this response is satisfactory but if i can be of any further assistance please do not hesitate to contact me.

Kind regards

Steven Holmes
Senior Planning Officer

Subject: KGSP SoCC for formal consultation

Dear Steven,

Please find attached three documents relating to the formal consultation on the Statement of Community Consultation (SoCC) for the proposed Keuper Gas Storage Project (KGSP). They are:

- The draft SoCC for consultation
- The red line boundary for the site
- A covering letter from KGSP Project Manager Richard Stevenson

These documents have also been sent to you in the post and you should receive them by recorded delivery today.

The document has been slightly updated since my colleague Rebecca Eatwell informally sent you the draft for information. This is following feedback from PINS. The main alterations are:

- Inclusion of 'transient groups' and 'people who socialise in the area' in the hard to reach groups
- Explicitly stating that the finalised SoCC will be made available to community consultees and on the project website
- Inclusion of a Non-Technical Proposal Summary Document in the consultation materials (previously included but under a different title)
- Statement that materials, including the SoCC, will be translated upon request

Do not hesitate to get in touch if you have any questions.

Best wishes,
Lewis Jones
