Subject: Re: EN060004 River Humber Gas Pipeline Replacement Project

Dear Sir/Madam,

I refer to the above project and NLC's deadline 7 submission with particular regard to Q5 of Annexe A issued 01.02.2016 (Q13 [PD-013]). I would advise that discussions with regard to the proposed 3 access control gates along East Marsh Road have been concluded.

Please accept this email as NLC's confirmation that there are no objections to National Grids proposals subject to pedestrian access not being impeded, and that a key for the gates is made available to NLC so access for maintenance vehicles and equipment can be achieved. NLC are confident that these measures will be put in place so as not to affect rights. Thank You.
