

Sections 91 and 93 of the Planning Act 2008**RULE 13 OF THE INFRASTRUCTURE PLANNING (EXAMINATION PROCEDURE) RULES 2010****THE PROPOSED YORKSHIRE AND HUMBER CCS CROSS COUNTRY PIPELINE ORDER (APPLICATION REFERENCE: EN070001)****NOTICE OF OPEN FLOOR AND ISSUE SPECIFIC HEARINGS**

Notice is hereby given that the Examining Authority will be holding an open floor hearing under section 93 of the Planning Act 2008 (the “2008 Act”) and an issue specific hearing on the draft Development Consent Order (“DCO”) under section 91 of the 2008 Act further to the application with PINS reference EN070001 (the “Application”) made by National Grid Carbon Limited (“National Grid”) of 1-3 Strand London WC2N 5EH for a DCO under sections 14(1)(g) and 37 of the 2008 Act for the “Project” (summarised in paragraph 1 below). The Application was submitted by National Grid to the Secretary of State, c/o The Planning Inspectorate (“PINS”), on 18 June 2014 and was accepted for examination on 16 July 2014.

Hearing details

Date	Hearing	Time	Venue
Wednesday 28 January 2015	Open floor hearing	Arrival: 6.00pm Start: 6.30pm*	Bishop Burton College York Road, Bishop Burton, Beverley HU17 8QG
Thursday 29 January 2015	Issue specific hearing on draft Development Consent Order	Arrival: 9.30am Start: 10.00am	Bishop Burton College York Road, Bishop Burton, Beverley HU17 8QG

* Please note, anyone wishing to speak at the open floor hearing should ensure they arrive promptly for the beginning of it.

At the hearings, each Interested Party is entitled (subject to the Examining Authority’s powers of control over the conduct of the hearing) to make oral representations about the Application. An “Interested Party” includes any person that has made a relevant representation to the Examining Authority in accordance with section 102(4) of the 2008 Act, as well as National Grid and various persons and bodies prescribed by statute.

The Application

- The Application relates to a cross country pipeline for the transportation of captured carbon dioxide and associated development in the Yorkshire and Humber region from a point near Drax in North Yorkshire to a point near Barmston on the Holderness Coast in East Riding of Yorkshire. This comprises:
 - A 75km onshore pipeline (comprising a 67km cross country pipeline and interconnecting local pipelines) with an external diameter of up to 610 millimetres;
 - A Pipeline Internal Gauge (“PIG”) Trap approximately 1.9km north of the village of Drax grid reference 466709E 428121N;
 - Multi-junction site, approximately 1km south of the village of Drax grid reference 466953E 425420N;
 - Three Block Valve sites – one located approximately 3.0km to the south of the village of Holme on Spalding Moor, grid reference 482169E 435618N, one approximately 2.4km to the south of the village of Middleton-on-the-Wolds, grid reference 495143E 447198N, and the third located approximately 1.3km to the south-east of the village of Skerne, grid reference 505669E 454650N;

- A Pumping Station, grid reference 515958E 460955N located approximately 1.8km to the north of the village of Barmston on the Holderness Coast;
- Interconnecting local pipelines and other associated development and associated works;
- Ancillary works including: temporary construction compounds, permanent and temporary access roads, and service corridors.

The proposed DCO will authorise amongst other things:

- the construction, operation and maintenance of a cross country pipeline in excess of 16.093km in length to transport captured carbon dioxide, and is therefore a nationally significant infrastructure project under section 14(1)(g) of the Planning Act 2008;
- associated development under section 115(2) of the Planning Act 2008;

- The Application also seeks authorisation for the following, amongst other things, in respect of the Project:

- the compulsory acquisition of land and/or rights as shown on the Land Plan and Book of Reference comprised within the Application documents; temporary use and possession of land for carrying out construction of the Project; interference with, suspension and extinguishment of easements and other rights over or affecting land; powers to survey and investigate land, to undertake protective works to buildings and to lop trees overhanging the proposed works;
- permanent and/or temporary changes to the highway network; provisions relating to streets; temporary stopping up of highways; temporary interference with public rights of way;
- the application and disapplication of legislation relevant to the Project;
- a deemed marine licence under section 149A Planning Act 2008 for construction of the pipeline in the intertidal area between mean high and mean low water marks, and also running the pipeline beneath the River Ouse;
- such ancillary, incidental and consequential works, permits, consents or provisions as are necessary for the Project.

Environmental Impact Assessment (EIA)

- The Project is an EIA development for the purposes of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2009. Accordingly an Environmental Statement accompanied the application.

Copies of the Application documents and relevant representations

- Copies can be viewed online on the relevant page for this Project, accessible via PINS’ website – see <http://infrastructure.planningportal.gov.uk/projects/yorkshire-and-the-humber/yorkshire-and-humber-ccs-cross-country-pipeline/>
