Dear Mr Mead

In our response to the Examining Authority, dated 16th December 2014, we stated that once the details of the pipeline crossing the river have been clarified, we advised the Promoter to contact Alan Daines in order that the proposed works meet the requirements of the Trust's "Code of Practice for Works affecting the Canal & River Trust".

We would further wish to clarify that after further discussions with the Promoter, we do not require the Promoter to sign up to our Code of Practice at this stage but that they will need to undertake this prior to the commencement of any works and at that stage provide us with detailed plans in relation to the proposed method of crossing for the pipeline under the river navigation.

Regards,
