Dear Planning Team,
Ahead of tomorrow's hearing (Issue-specific hearing on Construction Operations (including water resources, drainage and reinstatement)), the NFU wish to make the attached information available to ExA and applicant for their consideration.

Kind regards

James

Application by National Grid Carbon Limited for an Order Granting Development Consent for the Yorkshire & Humber Carbon Capture and Storage (CCS) Cross Country Pipeline – EN070001

Further to our response to the ExA's first written questions and requests (16 December 2015) and agenda item 22 - Issue-specific hearing on Construction Operations (including water resources, drainage and reinstatement) on Tuesday 3 February 2015. We request the applicant (National Grid Carbon Limited) include the below points in agreements with individual Grantor or the Occupier (as appropriate).

Basic Payment Scheme (previously the Single Payment Scheme)

The NFU wish to provide further information for consideration in relation to [paragraph 14.2.5](#) and the new Basic Payment Scheme. We are looking for the assurance that the applicant shall compensate the Grantor or the Occupier (as appropriate) for any loss of payment.

- To compensate the Owner or Occupier against any deductions or penalties applied to any payment claimed by the Owner under the Basic Payment Scheme, including Greening, or any Rural Development Regulation scheme and arising from any action or omission by the Applicant (or any part duly authorised to act on their behalf) carrying out the Works on the Property including any breach of the Cross Compliance requirements in relation to the Basic Payment Scheme or any Rural Development Regulation scheme.
- To compensate the Owner or Occupier for any loss of Basic Payment Scheme entitlements in 2015 incurred as a consequence of some or part of the Property being rendered ineligible for the Basic Payment Scheme arising from the Works being carried out by the Applicant (or any party duly authorised to act on their behalf) on the Property including any costs borne by the Owner to transfer out where possible those Basic Payment Scheme entitlements by 15 May 2015 and the consequent purchase of Basic Payment Scheme entitlements to replace that loss of Basic Payment Scheme entitlements in 2015. Should the Owner or Occupier be unable to purchase Basic Payment Scheme entitlements to replace the loss, compensation must be paid for the length of the scheme.
