Your Ref: EN070001

Dear Sarah

Yorkshire & Humber Carbon Capture and Storage Cross Country Pipeline

Thank you so much for your help this morning – it was nice to talk with you.

I would confirm that we will not be attending the meeting on Wednesday as the points we raised back in March 2013 are all covered by the Principal Issues in Annex C of your letter of the 24th October.

As per Annex D - item 3 (ix) in the Draft timetable for examination of the application, we would like to recommend that the itinerary for site visits should include the proposed site for the onshore pumping station, between the villages of Barmston and Fraisthorpe. We would also like to ask that the Parish Council of Barmston & Fraisthorpe be invited to attend this site visit as per item (iii) of the Notifications of item 3.

As you kindly confirmed, we are already an interested statutory party and therefore do not need to register per Notifications (iv) of the above item.

Many thanks, again for your help – it is very much appreciated.

Yours sincerely

For Barmston & Fraisthorpe Parish Council

[REDACTED]
Rosemary Swift

Clerk to Barmston & Fraisthorpe Parish Council
