Dear Andrew Mead,

We wish to thank you for raising our concerns in your written questions to National Grid Carbon Limited.

We have significant concern about the proposal to open cut Bracken Beck, and answers to questions 5.2, 5.3, 5.14 and 12.32 are welcomed.

Questions 12.12 and 12.17 also relate to the concern we have about the impact this pipeline will have upon our private water supply. We hope answers to these questions do not adversely affect our current easement and rights.

Can we please confirm that we are both registered as interested parties.

Yours faithfully

SP Copeland (Ref: 10029840) and EA Copeland & Son (Ref: 10029841)
