Date of Written Representation: 18th December 2014

This representation is made with specific regard to land referred to in the Book of Reference (Document 4.3) and the Land Plans (Document Reference 2.1) as Plot Numbers 767 to 772 and Plot Numbers 783 to 788 in the ownership of R G Kendall & Sons Ltd which is proposed to be affected by the scheme. It is requested that the Examining Authority take into consideration the following points:

- 1) The route of the proposed pipeline should be aligned so as to cause the minimum amount of disturbance to agricultural operations.
- 2) Prior to the commencement of any work, the existence of any field underdrainage systems should be established and a scheme of underdrainage rectification/ reinstatement should be agreed to the satisfaction of the affected party.

- 3) Any works relating to the proposed scheme should only be carried out when ground conditions are suitable.
- 4) Topsoil should be stored separately at the side of the pipeline during construction and should be replaced to the satisfaction of the affected party.
