Dear Mr Jones

I refer to your emails of 9 April which followed the receipt of the Examining Authority's letter of 8 April. Pursuant to the question raised at Annex B.2 with regard to statutory undertakers; I can confirm on behalf of my clients, the Oil and Pipelines Agency, the managing agent for the Government Pipelines and Storage System that a side agreement with the Promoter of this project is currently being negotiated, and an agreement has now been reached upon its terms in respect of the protective provisions with regard to my clients' plant and apparatus.

The agreement has been engrossed and is presently circulating and whilst it has been signed by my client we are not yet able to withdraw the objection until the agreement is executed by the Promoter and completed. I anticipate that the documentation will be completed within the next week or two. I would be grateful if you could inform the Examining Authority of these comments.

Yours sincerely,

Ben
